

Tracking Out-of-Pocket Expenses

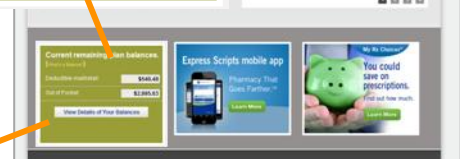

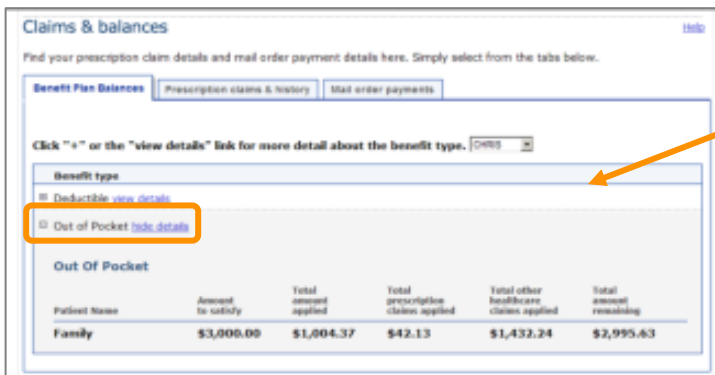

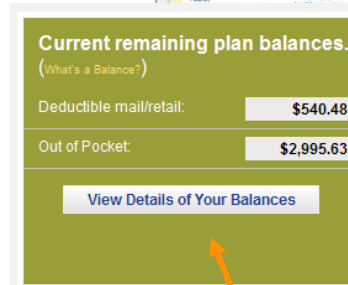

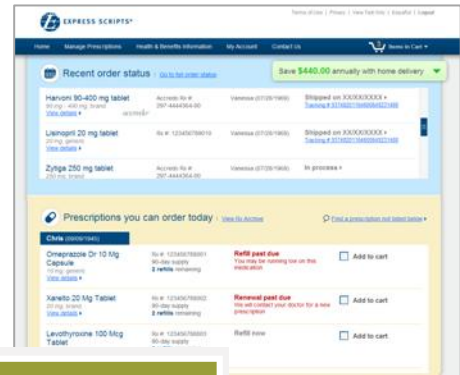

An out-of-pocket expense is the amount that a covered person must pay out of their own pocket, regardless of their plan.

How can I track my out-of-pocket expenses?

Based on your plan, you will see a box on **Express-Scripts.com*** after you log in, showing your current remaining plan balances, including out of pocket (see right.)

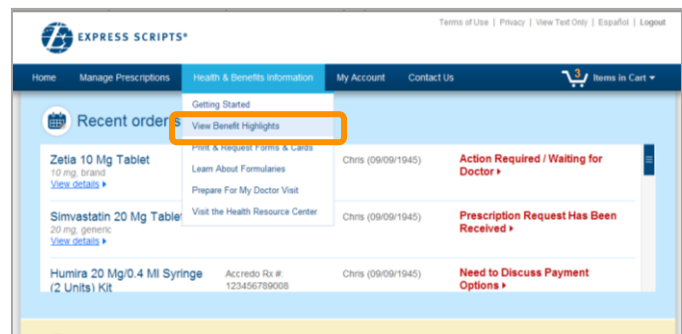

View more information by clicking “View Details of Your Balances” or by selecting “View Rx History & Claims” from the menu under **Manage Prescriptions**.

On the **Claims & Balances** page, click “view details” next to **Out of Pocket** (see below). This will change the view to display your out-of-pocket expense details to date.

What are my maximum out-of-pocket expenses this year?

Benefit Highlights provides a plan overview, including out-of-pocket expenses, if applicable to your plan. To view, select “View Benefit Highlights” from the menu under **Health & Benefits Information** (see right).
