### **Schedule SB, Line 24 Change in Actuarial Assumptions**

The assumed plan-related expenses added to the target normal cost were changed from \$6,920,000 for the prior valuation to \$6,810,000 for the current valuation to account for lower expected expenses to be paid from the trust.

The mortality table used for lump sum conversion for non-Iowa participants was updated to reflect the table prescribed under IRC §417(e) for payments made during 2020. The mortality table used for lump sum conversion for Iowa participants was updated to align with that used for non-Iowa participants.

The segment interest rates used for lump sum conversion for non-Iowa participants were updated in accordance with the update to the valuation interest rates. The interest rates used for lump sum conversion for Iowa participants were updated to align with those used for non-Iowa participants.

Benefits that can be received in the form of an unsubsidized lump sum: 60% are assumed to elect a lump sum form of payment. The remainder are assumed to elect a form of payment in accordance with the above.

Benefits that can be received in the form of a subsidized lump sum: 100% are assumed to elect a lump sum form of payment

<b>Percent married</b>	85%; used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement
<b>Spouse age</b>	Wife three years younger than husband
<b>Covered pay</b>	Assumed plan compensation for the year beginning on the valuation date was determined as plan compensation provided by Milliman for the prior year adjusted at the assumed compensation increase rate.
<b>Timing of benefit payments</b>	Annuity payments are payable monthly at the beginning of the month, and lump sum payments are payable on date of decrement.

### Methods

<b>Valuation date</b>	First day of plan year
<b>Funding target</b>	Present value of accrued benefits as required by regulations under IRC §430.
<b>Target normal cost</b>	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.
<b>Actuarial value of assets</b>	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.)
<b>Benefits Not Valued</b>	All benefits described in the Plan Provisions section of this report were valued based on discussions with the Company regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with the Company and, based on that review, is not aware of any significant benefits required to be valued that were not.
<b>Decrement timing</b>	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

## Sources of Data and Other Information

The plan sponsor, through its third party administrator, furnished participant data as of January 1, 2020. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates may have been made when data were not available.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

## Assumptions Rationale - Significant Economic Assumptions

<b>Interest rate</b>	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
<b>Plan-related expenses</b>	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).
<b>Rate of compensation increase</b>	Assumed increase was chosen by the plan sponsor and represents an estimate of future experience.
<b>Lump sum conversion rate</b>	As required by IRC §430, lump sum benefits are valued using "annuity substitution" so the interest rates assumed are the same as described above for the interest rate basis.
<b>Assumed return for asset smoothing</b>	The assumed return used for asset smoothing is the third segment rate. Although we have not explicitly determined an expected return on assets, based on an analysis of the plan sponsor's investment policy we believe the rate to be above the third segment rate.

## Assumptions Rationale - Significant Demographic Assumptions

<b>Healthy Mortality</b>	Assumptions used for funding purposes are as prescribed by IRC §430(h).
<b>Disabled Mortality</b>	Assumptions used for funding purposes are as prescribed by IRC §430(h).
<b>Termination</b>	Termination rates were based on an experience study conducted in 2018, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
<b>Disability</b>	Assumed disability rates differ by age because of expected differences in disability rates by age.
<b>Retirement</b>	Retirement rates were based on an experience study conducted in 2018, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

## SCHEDULE SB ATTACHMENTS

<b>Benefit commencement date for deferred vested benefits</b>	Deferred vested participants' assumed commencement age is based on an experience study conducted in 2018, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
<b>Form of payment</b>	Form of payment assumptions were based on an experience study conducted in 2018, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
<b>Percent married</b>	The assumed percentage married is based on general population statistics on the marital status of individuals of retirement age.
<b>Spouse age</b>	The assumed age difference for spouses is based on general population statistics of the age difference for married individuals of retirement age.

### Prescribed Methods

<b>Funding methods</b>	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.
------------------------	--

### Changes in Assumptions and Methods

<b>Change in assumptions since prior valuation</b>	<p>The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.</p> <p>The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC §430.</p> <p>The assumed plan-related expenses added to the target normal cost were changed from \$6,920,000 for the prior valuation to \$6,810,000 for the current valuation to account for lower expected expenses to be paid from the trust.</p> <p>The mortality table used for lump sum conversion for non-Iowa participants was updated to reflect the table prescribed under IRC §417(e) for payments made during 2020. The mortality table used for lump sum conversion for Iowa participants was updated to align with that used for non-Iowa participants.</p> <p>The segment interest rates used for lump sum conversion for non-Iowa participants were updated in accordance with the update to the valuation interest rates. The interest rates used for lump sum conversion for Iowa participants were updated to align with those used for non-Iowa participants.</p>

## Model Descriptions and Disclosures (in accordance with ASOP No. 56)

### Quantify

Quantify is the Willis Towers Watson centrally developed, tested and maintained Global actuarial valuation system. It is used to perform valuations of clients' benefit plans.

Quantify provides the ability to process data, calculate benefits and value benefit liabilities, develop results using applicable standards, and generate client reports.

Quantify parameters provide significant flexibility to model populations and plan designs. Various demographic, economic and benefit related assumptions exist for users to model multiple demographic and economic situations.

Plan liabilities are calculated based on standard actuarial techniques, developing actuarially reasonable results using the population and parameters entered. The calculation and presentation of liabilities in Quantify relies on the assumptions used and the reasonability of the assumptions selected.

Quantify incorporates standard liability methodologies that are intended to reasonably reflect a variety of economic or demographic conditions. The model itself does not evaluate any assumptions entered for reasonableness, consistency or probability of occurrence.

Quantify is designed specifically for these purposes, and we know of no material limitations that would prevent the system from being suitable for these intended purposes. The actuaries signing this report have relied on the actuaries who develop, test and maintain this system, and have also performed a limited review of results to ensure that system parameters have been set appropriately and plan provisions coded correctly.

### Published Demographic Tables

Certain demographic tables described above are standard published tables or are based on standard published tables from models developed by organizations with the requisite expertise.

## Schedule SB, Part V Summary of Plan Provisions

### Plan Provisions

The most recent amendment reflected in the following plan provisions was effective July 13, 2018.

#### Covered employees

Employees covered by a collectively bargained agreement that are eligible to participate. However, employees covered under the National Pension Bargaining Agreement that are hired (or rehired) after February 29, 2012 are not eligible to participate in the plan. Also, Aliant CBA employees hired after October 31, 2013 who elect not to participate in the plan and Aliant CBA employees hired after October 16, 2016 are not covered.

Employees who were:

- Participants under the former Alltel Plan or Valor Plan on December 31, 2005, had attained age 40 with two or more years of vesting service as of December 31, 2005, and were employees of Windstream on or after June 21, 2006 and before January 1, 2007; or
- Participants of the Pension Plan of the Concord Telephone Company (CTC) on December 31, 2007; or
- Participants of the D&E Communications, Inc. Employees' Retirement Plan (D&E Non-union) and The Conestoga Telephone & Telegraph Company Pension Plan for Members of Local 1671 (D&E union) on December 31, 2009.
- Former GTE employees who transferred employment to Iowa Telecom on July 1, 2000, members of the CWA who were hired between July 1, 2000 and December 31, 2000 and members of the IBEW who were hired between July 1, 2000 and May 31, 2001.

The following employees are not eligible to participate:

- Employees covered by a collective bargaining agreement unless it is agreed that such employees would be eligible to participate in the plan;
- Employees covered by an agreement with the company which prohibits inclusion in the plan;
- Leased employees;
- Any person who is not treated as an employee for purposes of Internal Revenue Code Section 3401;
- Non-resident aliens who receive no earned income from the Employer;

- Employees of Wavetel, L.C.C. effective June 13, 2000

Date following completion of 1,000 hours of service during the year following the date of first hour of service, or any plan year with greater than 1,000 hours of service.

For Valor participants, date of hire if they complete 1,000 hours in first year of service.

For CTC participants, the January 1 or July 1 coincident with or next following the attainment of age 21 and completion of one year of service.

For D&E Non-union and D&E union plan participants as of December 31, 2009, January 1, 2010.

Other than employees covered by a collectively bargained agreement, former Valor participants, or CTC participants, no person shall become a participant in the Plan after December 31, 2005.

Employees covered by the National Pension Bargaining Agreement that are hired (or rehired) after February 29, 2012 are not eligible to participate in the plan.

Aliant union employees hired after October 31, 2013 who elect not to participate in the plan will not become participants.

Valor union employees hired (or rehired) after February 28, 2014 are not eligible to participate in the plan.

Aliant union employees hired after October 16, 2016 will not become participants.

### Definitions

#### Vesting service

One year for each plan year during which an employee has completed 1,000 hours of service.

For Valor participants:

- Service prior to January 1, 2007: number of whole one-year periods of vesting service credited under the Valor Plan as of December 31, 2006.
- Service after January 1, 2007: credited one year for each plan year during which an employee has completed 1,000 hours of service.

For D&E participants, elapsed time from date of completion of one hour of service to date of termination.

#### Benefit service

each 166-2/3 hours of service completed for each plan year with less than 2,000 hours but at least 1,000 hours of service

For non-bargaining participants:

- Benefit service was frozen December 31, 2005 for participants who did not attain age 40 and two years of vesting service as of December 31, 2005.
- Benefit service was frozen December 31, 2010 for participants who attained age 40 and two years of vesting service as of December 31, 2005.

For National Pension participants:

- IBEW: Benefit service is frozen upon the later of January 1, 2018 or attainment of 30 years of vesting service.
- CWA: Benefit service is frozen upon the later of July 8, 2018 or attainment of 30 years of vesting service.

For participants who opted out of future benefit accruals (by voluntary or default election), benefit service is frozen as of the applicable opt-out date.

### Accredited service

Accredited service is determined on a calendar year basis with fractional credit based on hours of service and customary hours worked (usually 2,080).

- For former Contel employees, accredited service includes the period of accredited service recognized under the Contel Pension Plan, if any, prior to the date of transfer to coverage under this plan.
- For former Valor participants of the Kerrville plan, accredited service accruals begin January 1, 2003.
- For former Valor participants who transferred from GTE Southwest, accredited service includes the period of credited service recognized under the pension plans sponsored by GTE Southwest, if any, prior to the date of transfer to coverage under this plan.

Accredited service was frozen effective June 30, 2005 for salaried participants in the former Iowa Telecom Pension Plan.

Accredited service was frozen effective June 30, 2016 for CWA union employees and January 1, 2018 for IBEW union employees in the former Iowa Telecom Pension Plan.

For participants who opted out of future benefit accruals (by voluntary or default election), accredited service is frozen as of the applicable opt-out date.

Benefit may commence upon attainment of earlier of 1) age 55 and 20 years of vesting service, or 2) age 60 and 15 years of vesting service in an amount equal to the monthly pension benefit reduced 0.5% for each complete calendar month by which the commencement date precedes NRD.

### **Former Valor participants:**

Monthly pension benefit determined as of termination date, except that the annual minimum pension for union employees is based on the accredited service projected to NRD then multiplied by the ratio of actual vesting service over vesting service projected to NRD. A reduced pension may be elected if the participant's age plus accredited service is 76 or more (with at least 15 years of accredited service). Alternatively, a reduced pension may be elected at age 55 or later if the participant has attained 10 years of accredited service. The early commencement reduction is 6.67% for the first five years, 5% for the next five years, 3.33% for the next five years by which the commencement date precedes NRD plus an actuarial equivalent reduction for any remaining years of early commencement.

### **Former CTC participants:**

Monthly pension benefit determined as of termination date

Benefit may commence upon attainment of age 55 and 20 years of vesting service in an amount equal to the monthly pension benefit reduced  $1/180^{\text{th}}$  for each of the first 60 complete calendar months and  $1/360^{\text{th}}$  for each of the next 60 complete calendar months by which the commencement date precedes NRD.

### **Former D&E Non-union participants:**

Monthly pension benefit determined as of termination date

Benefit may commence upon attainment of age 55 in an amount equal to the monthly pension benefit reduced in a manner consistent with that used in determining the early retirement benefit.

### **Former D&E union participants:**

Monthly pension benefit determined as of termination date

Benefit may commence upon attainment of age requirement for an early retirement benefit in an amount equal to the monthly pension benefit reduced in a manner consistent with that used in determining the early retirement benefit.

vesting service over vesting service projected to NRD. A reduced pension may be elected if the participant's age plus accredited service is 76 or more (with at least 15 years of accredited service); in this case, the reductions are the same as those for early retirement. Alternatively, an actuarially reduced pension may be elected at age 55 or later if the participant has attained 10 years of accredited service.

### Disablement

Monthly pension benefit determined as of the date of disablement, reduced according to the early retirement provisions of the plan.

#### Verizon union participants:

Monthly pension benefit determined as of the date of disablement unreduced for commencement prior to NRD.

#### D&E Non-union participants:

None.

#### D&E union participants:

Monthly pension benefit payable immediately based on compensation and service as of date of disability.

#### Iowa Telecom union and Valor union participants:

Monthly pension benefit determined as of the date of disablement unreduced for commencement prior to NRD.

### Preretirement death

Monthly preretirement death benefit reduced according to the early retirement provisions of the plan.

#### Valor participants:

The spouse of a participant who dies in active service or after becoming eligible for a disability pension may begin payment on first of any month following the death of the participant.

#### Iowa Telecom participants:

The spouse of a participant who dies in active service may begin unreduced payment on first of any month following the death of the participant.

The spouse of a vested participant who dies prior to payment of benefits may begin payment on first of any month following the death of the participant (not earlier than earliest retirement date). Payments prior to NRD will be reduced based on the reductions described for early or vested termination retirement.

### Postretirement death

#### D&E union participants:

\$5,000 from retirement until age 70. At age 70, the amount is reduced to \$3,000. Effective July 13, 2018, this benefit was eliminated for participants retiring after July 1, 2021.

## Other Plan Provisions

### Actuarial equivalence

#### Windstream non-union and union participants:

5% interest rate and RP-2000 Combined, Healthy Mortality Tables projected to 2010 using Scale AA equally weighted for male and female mortality and reflecting a blend of 25% blue collar and 75% white collar rates

#### D&E Non-union, D&E union, and all other union participants:

Various bases as defined by plan.

#### Iowa Telecom participants:

For monthly optional forms of payment, 7% interest rate and TPF&C 1971 Group Forecast Mortality Table for males with ages set back two years for participants and four years for beneficiaries.

### Forms of payment

Optional forms of payment are a 100% joint and survivor annuity, 50% joint and survivor annuity, or 10-year certain and life annuity.

For participants covered by a collective bargaining agreement, the following optional forms of payment are also available:

- (i) A reduced Pension payable during the joint lifetime of the Participant and the Participant's Spouse, and continuing thereafter in the same reduced amount for the life of the Spouse, or in the original unreduced amount for the life of the Participant.
- (ii) A reduced Pension payable during the joint lifetime of the Participant and the Participant's Spouse and continuing thereafter in an amount which is 50% of that reduced amount for the life of the Spouse, or in the original unreduced amount for the life of the Participant.

Optional forms of payment for prior plan benefits are defined in the plan.

IBEW/CWA National Pension and Aliant union participants: in addition to the above, participants are eligible to receive a lump sum form of payment.

D&E Non-union participants: optional forms of payment are a single life annuity, joint and survivor annuity with 50%, 75%, or 100% continued, life annuity with 5, 10, or 15-year certain period. Benefits accrued as of June 30, 1997 under the Buffalo Valley Plan can be paid in the form of a lump sum.

D&E union participants: optional forms of payment are a single life annuity, joint and survivor annuity with 50%, 75%, or 100% continued, life annuity with 5, 10, or 15-year certain period.

## **Schedule SB, Line 11 Prior Year's Excess Contributions to be Added to Prefunding Balance as of January 1, 2020**

The 2019 Schedule SB as filed does not reflect the plan sponsor's election to apply the 15-year amortization provisions of the American Rescue Plan Act of 2021 to the 2019 plan year. As allowed by IRS Notice 2021-48, the plan sponsor chose not to refile the 5500 for the 2019 plan year to reflect that election. As a result of this decision, Line 11a of the 2020 Schedule SB will not match line 38a of the filed 2019 Schedule SB. Additionally, the calculations for line 11b cannot be derived based on the information shown in lines 38a and 38b of the filed 2019 Schedule SB.

Had the 2019 plan year Schedule SB been refilled, the 15-year amortization would have resulted in item 32a reflecting an installment of \$11,873,130. This change would have flowed into subsequent results for lines 34, 36, and 38.

Reflecting the updates above, line 38a would have been \$16,576,737 and line 38b would have been \$0 had the 2019 plan year SB been refilled.
